Koizumi-san!

We're going to MacD* with Misa and the gang, wanna come?

No thanks.

Eh

So you're going to the ramen shop again, huh.

*Mcdonalds

Say, Koizumi-san.

You've never gone to MacD', am I right?

That was 2 months ago.

.....

I guess you're not really interested in those kind of restaurants.

Wait a fucking second!

They don't serve ramen at MacD's!!

They do, actually. Only in Hawaii though.

It's a brand called "Hypnotism".

No joke?!

ペラ

But also newly opened shops with flavors that I like.

ペラ

I never had any trouble finding Ramen there.

Not only Ezogiku, Santouka or Tenichi

Japanese ramen shops are quickly expanding in Hawaii.

I was asking whether you had already eaten a hamburger...

No, I mean!

I wasn't talking about Ramen

I have.

Whew

Is that so...

Right after Locomoco* and Macadamia nuts.

They don't sell hamb-

They do.
But only at the Kireuriwari branch in Oosaka.

Don't ask me why, but they sold hamburgers there.

Why, indeed?!

And what kind of name is that?

And well, the taste was good, the size was good, and the price was good.

So I gladly ordered it with some ramen.

Wait, what was I talking about anyway?!

But that's not what I was talking about!!

……

Ooh...
